

Museum Educator Paid Internship Description

Description:

The National Museum of Industrial History seeks outgoing individuals to join our team as Museum Educators. Museum Educators will facilitate and lead educational programming and engage and excite our audience in Science, Technology, Engineering, Art/Design and Math (STEAM) and social history content. Supervised by the Education and Program Coordinator (EPC), the Museum Educator paid interns support all aspects of the administration and delivery of the Museum's education programs which include K-12 on-site field trips, K-12 distance learning, scout programs, family and community programs, and more.

This internship has a flexible schedule, with most of the hours falling between Monday-Friday from 9 am- 5pm. Some weekends/evening hours may be available.

To Apply:

Send resume and short answers (under 300 words each) to the following questions to the Education Department at education@nmih.org.

Questions:

1. What interests you about our Museum and what made you apply for this internship?
2. Describe your favorite museum experience/program/field trip you've participated in.

Supervisor: Katie Rymon, Education and Program Coordinator (EPC)

Qualifications and Skills Preferred:

- Pursuing or completed a Bachelor's Degree
- Hands-on teaching experience, working with children's groups, or community-based programs
- Must have a willingness to learn

Benefits:

- Credit towards coursework
- Develop experience working on a wide range of informal education and learning projects
- Participate in professional development and exposure to a range of museum careers and practices

Compensation Range: \$10.00-\$12.00 per hour
