

**CALLING ALL LOCAL
VENDORS**

The National Museum of Industrial History invites area vendors to participate in our annual Steel Weekend this October. Each year several hundred visitors from all over the region participate in this multi-day event and we would like to encourage our guests to explore the greater SouthSide Arts District community and beyond.

If your business would like to offer a **Steel themed item, discount or promotion** during the weekend - think cupcake decorated with an I-beam, a specialty cocktail inspired by Bethlehem Steel, or a buy one, get one deal when presenting the Steel Weekend event program - we would be delighted to feature them in our event program, on our event website and on our social media channels.

If you are interested in participating, please reach out to mpildis@nmih.org, 610-428-3053 with the following information by September 1st.

Company Name:

Address:

Contact Person:

Phone & Email:
